

Examples for Steam Header

Low Pressure Steam Header

Technical Specification

Type	: HEATCO
Model	: DH 1-3
No. of Inlets	: One.
No. of Outlets	: Three.
Testing Pressure	: 20 bar
Working Pressure	: 10 bar
Accessories	- Globe Valve (In, Out) - Drain valves - Steam trap and Strainer - Pressure gauge and cock - Insulation: 3inch of rock wool, density 70kg/m ³ - One Safety Valve

Medium Pressure Steam Header

Technical Specification

Type	: HEATCO
Model	: DH 1-5
No. of Inlets	: One.
No. of Outlets	: Five.
Testing Pressure	: 20 bar
Working Pressure	: 10 bar
Accessories	- Globe Valve (In, Out) - Drain valves - Steam trap and Strainer - Pressure gauge and cock - Insulation: 3inch of rock wool, density 70kg/m ³ - One Safety Valve

High Pressure Steam Header

Technical Specification

Type	: HEATCO
Model	: DH 2-5
No. of Inlets	: Two.
No. of Outlets	: Five.
Testing Pressure	: 20 bar
Working Pressure	: 10 bar
Accessories	- Globe Valve (In, Out) - Drain valves - Steam trap and Strainer - Pressure gauge and cock - Insulation: 3inch of rock wool, density 70kg/m ³ - One Safety Valve
